

**COURSE CURRENCY STATUS:** Current

## COURSE DESCRIPTION

This unit describes the skills and knowledge required to provide a first aid response to someone in line with first aid guidelines determined by the Australian Resuscitation Council (ARC) and other Australian national peak clinical bodies. The trainee may be required to provide a first aid response in a range of situations, including community and workplace settings.

## DURATION

The duration for this unit is 10 hours (including online learning and practical assessment sessions) and a period for re-submission opportunities and assessments at the end of the course.

## COURSE DEMANDS

Face to face classes are offered to students. Scheduling can be amended to suit learner cohort requirements including further training if required activities. It is anticipated the course length will be split into 2 terms and used to meet training requirements. The recommended/ scheduled dates

## COURSE DELIVERY

A blended delivery mode is employed including a simulated environment and face to face training that will take place in Southern Education's training facility. Face to face classes will be delivered for out of face classes through e-mail, flasher, zoom and any other processes employed by Southern Education to assist in delivery. Face to face training classes will consist of groups up to a maximum 24 students. It is however anticipated

that an average class size will consist of approximately 16 students in attendance at any one time.

Online learning material for the course for will be provided to the student. Students will read relevant sections of the online learning material prior to delivery of practical sessions.

## ENTRY REQUIREMENTS

A Pre-Training Review is completed by students based on the conditions of the course. On completion of the Pre-Training Review, Southern Education determines if the course is suitable for the student and whether it addresses their learning needs.
